# CLASS 2 TRAINING PROGRAM

Driving a bus in a professional capacity requires specialized skills for the safe transportation of people of all ages. Whether you are driving a school bus, transit bus or motorcoach, our class 2 training will ensure you conduct yourself and your vehicle in a safe and professional manner.

Our class 2 bus driver training is conducted on an automatic transmission school bus with our professional driving Instructors. In addition to ICBC road test preparation and pre-trip training, students will acquire the necessary skills required by transit, school districts and tour companies to safely transport passengers.

Class 2 licence holders are also qualified to drive class 4 unrestricted and restricted vehicles, including working for ride-hailing companies. Our class 2 program will help you learn the necessary driving skills to be hireable and accelerate at the following jobs:

|                            |                                    |                         |

Trust in our professional bus driving Instructors that have helped hundreds of students become confident and skilled workers across the Fraser Valley and Lower Mainland of British Columbia. We've worked in collaboration with several local school districts as the preferred go-to training solution for their drivers.
